

## „Harbour Of Tears“

I am one of seven brothers  
Five of us must leave and start again  
In this land of Saints and Martyrs  
Tears of sadness hide within the rain

So fare thee well, Remember me...  
Sail from the Harbour of Tearss

I can hear my father calling  
'Godspeed, my son  
Wherever you may go'  
He looked so small  
Down on the quayside  
A man I guess  
I'll never really know. Goodbye, lad... I'll miss you  
Though I don't show it  
I am a farmer of the land  
I'm not a man of words  
Forgive me my failing  
You never knew me  
Godspeed wherever you may go...

So fare thee well  
Remember me...  
Sail from the Harbour of Tears
